Em7 Riff F#m7 A

Em7 riff

Forming opinions about ourselves;
forming opinions; better not tell.

So small in a shrinking world, something between us once unfurled
Won't find the answers, no there's nothing to see, move along and
forget about me

Forget about me Forget about me

Em7 rhythm

I Don't know which way this thing screws on; don't think its really me;
I Don't know which side my bread is buttered and I can't see;
So insecure in a phony world; shout out loud or you can't be heard
Won't find the answers, there's nothing to see, move along and forget
about me....

..Me, me, me, me Forget about me,me Forget about me , me, me, me

Em7 rhythm

Forming opinions about yourself; was this meant to be?
Still spinning dreams you'd like to sell, was that meant for me?
Unreal in a made up world, another illusion boy and girl,
Won't find the answers, there's nothing to see, move along and forget
about me
