

**C F F/G C F F/G**  
 Things change and I still want you Things change and I still need you  
**C F F/G C F F/G**  
 Things change; still got to have you by my side

**C F F/G**  
 Things change and I still love you  
 Just be floating around in a sea of clowns if it was not for you  
 Things change; still got *to be there by your side*

**F G Em A7**  
 Molecules keep on colliding Articles of faith  
**F G Em Ebmaj7 Dm7**  
 Our past and our future All wrapped up in today

**C F F/G**  
 Things change and I still want you  
 Things change and I still need you  
 Things change; still got to have you by my side

**F G Em A7**  
 And they say we'll stick together, Even as things drift apart  
**F G Em Ebmaj7 Dm7**  
 Is this what they call a happy ending Riding on a falling star

*Instrumental* **C maj 9 F F/G**

**F G Em A7**  
 I'm a little bit unsettled, I'm a little bit bemused  
**F G Em Ebmaj7 Dm7**  
 By random patterns of behaviour, But the way I feel for you,  
**Ebmaj7 Dm7**  
 Won't change. The way I feel for you will not change.

**C F F/G**  
 Things change and I still love you
