

the best thing (Magical faithful girlfriend)
2018

v10 1994 – March 5,

Chorus – Intro A – Em7

Em7 A7 Bm9 G
When I've got something, when I've got something that is on my mind;
Call up a good friend, we head out in the moonshine
We like to stay out, don't think we ever going to fall in line,
For in this tough world, there's a magic, a magic that we always find.

A Em7

*I think that you're the only one for me
I think that you're the only one for me
Cos you're the best thing, I think that you're the only one for me
Oh you're the best thing, I think that you're the only one for me*

Em7 A7 Bm9 G
Well now this good friend, likes to deviate from the mean;
Sometimes we get lost, taking antidotes to the routine;
But then we join up, and what we make is pure dopamine,
For in this tough world, there's a magic, a magic that we always find.

CHORUS

F#m G F#m G A G F#m
And there's a feeling, A deep down feeling, That what we have, Is so strong

Em7 A7 (Solo) So strong
